

ANNA MAE W.

Mrs. Wright is an 82 year-old African-American woman. She is retired schoolteacher and recent widow.

Her primary complaints are pain related to arthritis, unexplained weight loss, incontinence, emphysema.

Mrs. Wright's daughter - who is accompanying her during her visit - states that she has been depressed since her husband passed away.

Mrs. Wright owes approximately \$746 for a dental bill and \$4221 for multiple medical and hospital bills from prior services and stays.

Anna Mae's Goals:

- get help paying for ongoing medical care
- locate specialist in her area to help with mental health concerns
- help paying for medications, medical supplies and equipment
- workout lower balance amounts due and payment plans for bills

Blue Cube Medical Service(s) Selected:

Combined Patient Financial Assistance and Patient Advocacy.

Anna Mae owes approximately \$4967 in medical and dental bills. She also needs help paying for services, visits, drugs/medications for new treatment and care. Lastly, she is requesting help from Blue Cube Medical in order to negotiate elimination or lower payments to her provider (change her existing payment plans).

Medical Conditions:

emphysema, arthritis, peripheral neuropathy, moderate incontinence, depression

Financial/ Employment Status:

Mrs. Wright is a retired schoolteacher and receives a pension. She also receives monthly social security payments as well as her deceased husband's pension and annuity payments from the US Army and Veterans Administration.

Insurance Coverage:

Mrs. Wright has Medicare and a supplement as part of her survivor's benefit from her husband (federal government plan). She is also a veteran's widow.

How Blue Cube Medical helped Anna Mae:

- Helped Anna Mae pay her medical bills with negotiation, third party financial assistance from private foundations as well as from organizations that assist retired teachers, senior citizens, and veterans and their families. Also completed applications in her behalf, leaving her with a balance of less than \$200.
- Located no-cost medical supplies, samples, and equipment for incontinence, emphysema, arthritis
- Scheduled a mental health provider to assist her with depression and grief
- Use third-party financial resources organizations to pay deductibles and copays for upcoming visits

Saved Anna Mae Wright: \$4750 in outstanding debt.
